Ezra's Story

Meet 5-year-old Ezra! Ezra's mom, Laquesha, says, "When Ezra started services, he was non-verbal, continued to struggle to make eye contact, and was sensitive to noise and transitioning. He was not making progress and had problems in preschool and kindergarten. I felt all alone. However, at Autism ETC, I felt like I had a support group. I had never experienced this kind of support. As a result, I took him out of school so he could receive full-time services. Ezra is happy to be at Autism ETC."
