Katie Beckett Program: Up to \$10,000/yr.

The program provides coverage for expenses that insurance does not cover via a Health Reimbursement Account (HRA). Examples include deductibles, coinsurance, and copays. Families may qualify for \$10,000 each year. For many of our families, this amount would cover their total out-of-pocket expenses for a year.

Meet Zachary!

When Zachary came to Autism ETC 5 years ago, his mom Kasondra shared, “He had no words, and he did not know how to express himself and work through his behaviors. Now he has words, he can express his needs, and his behavioral issues have decreased. Now he can fully engage and learn, not have those hurdles slowing him down. It’s incredible! I feel truly blessed that my son was able to have time at this amazing ABA therapy center. He now has the tools for success when he leaves Autism ETC.”
