September week 1:

Safety and Emergency – Safety

September week 2:

Safety and Emergency – Emergency

September week 3:

Safety and Emergency – Community Signs

September week 4:

Safety and Emergency – First Aid

Family of the Month

Meet Axl

Axl's mom, Brittany, says "When Axl began coming to the center, I was anxious since he was only 2 years old. At the same time, I was excited and happy for him to begin services and I wanted to see how he was going to respond. His BCBA, Melissa Guthrie and the staff who work with him are amazing. Axl has made a miraculous turn-around. Since Axl has been coming to the center, he has become more vocal. He says 'momma', 'bubba', and is working on 'daddy'. He is able to match colors and work shape puzzles. He is working on his potty training and is doing good with that. Axl has met several of his goals. Melissa and the team have expressed to me they are amazed at his progress and how quickly he catches on to things. Axl is able to go to the grocery store and doctor's office without screaming and crying. He enjoys interacting with people and visiting with family. My brother recently told me he was amazed that Axl actually came to him and let him hold him. It is exciting to see his miraculous turn-around."

Resources

\$600 in Respite Funds Available

If your child has autism, a mental health diagnosis, or a physical disability the Tennessee Respite Coalition has \$600 in respite funding available immediately if you need assistance paying for services.

Call: 615-269-9687
Email: assistant@tnrespite.org

Katie Beckett Program: Up to \$10,000/yr.

The program provides coverage for expenses that insurance does not cover via a Health Reimbursement Account (HRA). Examples include deductibles, coinsurance, and copays. Families may qualify for \$10,000 each year. For many of our families, this amount would cover their total out-of-pocket expenses for a year.
