This month, we're taking a look back at all our families and how AETC has helped them.

"Ezra is happy to be at Autism ETC. He puts on his backpack and is ready to go in the morning..."

"There have been so many milestones with his behaviors, he is like a completely different kid."

"Jonathan has made great progress since he has been coming to the center. He has blown through so many of the goals that we have set for him with his therapist."

"We noticed a difference with Adi within a month or two from when he started at Autism ETC. He loves going to the center."

"I felt like my daughter was being heard and the level of care is amazing."

"I feel confident in Zachary having a successful transition into public school because of all the tools he has learned from Autism ETC's unique learning environment and individual therapy plan. I attribute Zachary's success to the program at Autism ETC."

"My brother recently told me he was amazed that Axl actually came to him and let him hold him. It is exciting to see his miraculous turn-around."

"I felt welcomed at Autism ETC and I learned the staff wanted to help Isiah reach his full potential. The skills that Isiah has learned at Autism ETC have paved the way for his future in school."

"It is overwhelming when you get the diagnosis. Until you have a child with special needs, you don't comprehend just how special they are."
