

FEATURED FAMILY

Adrian Brown 3 years with AETC

“I can’t thank them enough for the help they have given to my son.”

Payton Brown’s son, Adrian, is a bright and energetic 6-year-old who attends our Harnett Court location in Clarksville since January 2022.

Payton’s mom pointed out to her that Adrian wasn’t hitting certain developmental milestones when he was 2 years old. He was evaluated at Autism ETC and officially diagnosed on the autism spectrum.

“When we walked into Autism ETC, the staff was so welcoming. They created a program specifically for Adrian, recognizing that every child is different. And the difference see in him today is amazing.”
