

SPOTLIGHT STORY

Michelle Eaton

Professional Development
Manager and BCBA - N. 43rd Ave.
Clinic

Michelle has been with our Glendale, Arizona clinic for three years. She started her journey in ABA therapy after earning her bachelor's degree in linguistics at Cal State Fullerton and her master's at Cal State Los Angeles.

She moved to Arizona while working for another ABA therapy provider. She eventually connected with our Clinical Director for our West Region, which led to her applying at Autism ETC. She's since been promoted to Professional Development Manager and Michelle now plays a vital role in mentoring fellow therapists.

"The support here is unlike anything I've experienced. It makes me a better clinician, which benefits our kids and families."

You can read more about her story on our website.

WELCOME TO THE TEAM

Kailee Messer - Technician

Bianca Sahhar - Behavior Technician

Aaleigha Folks - Technician

Chloe McLaughlin - Technician

Cydney Elliot - Technician

Simanda Merza - Technician

Taraica Bryson - Technician

Terri Smith - Technician

Daisha Petgrave - Behavior Technician

Daniel Idowu - Technician

IN CASE YOU MISSED IT:

It was a “wild” day at our Glendale clinic! The Wildlife World Zoo stopped by with several animals our kids got to see and touch!

LIFE SKILLS

This month, our life skills group will be learning about electronics, appliances, and maintenance.

Week 1: 6/2 - 6/6

Electrical Safety

Week 2: 6/9 - 6/13

How Electricity Works
