

SPOTLIGHT STORY

Haley Davis
Clinical Manager -
Clarksville/Harnett Court

"I wanted to help people and change lives."

Haley Davis knows the struggles families face when they receive an autism diagnosis as her sister is on the autism spectrum. It's one of the many things that inspired her to pursue a career in ABA therapy.

Haley joined Autism ETC in May 2017. A year later, she successfully passed her BCBA exam.

Haley stepped into her current role as Clinical Manager of our Harnett Court location when it opened in 2021.

"When a client says their first word, I get to be there. It's amazing every time."
